Biophilic design and shade choices from Altro

We know that trends and needs change; it's something we look at constantly to ensure our floors and walls are fit-for-purpose, supporting those who use them in every aspect of their design. With that in mind, Altro Operetta, Altro Orchestra and Altro Serenade have new natural shades in design options inspired by the traditional looks of carpet, stone and tile, without any of the unhygienic drawbacks.

To choose the new looks, we've worked closely with customers and industry experts to research the latest trends and challenges. This collaborative way of working has resulted in new weave-style and terrazzo patterns. Drawing from water, rocks, foliage and weather, we have a new palette of greens, blues, greys and earth tones, each discussed and honed with these customers and partners.

Altro Operetta, Altro Orchestra and Altro Serenade offer different levels of impact sound reduction and comfort underfoot. These ranges share a number of shades and designs, so you can have the technical performance you need with a cohesive design throughout.

Altro Operetta

2.0mm 4dB

Altro Orchestra

Cleaning

Proper cleaning is essential to keeping a facility hygienic no matter which interior finishes are selected. We highly recommend that a cleaning and sanitizing program is created specific to your facility that utilizes the resources and products as recommend by individual manufacturers.

Our cleaning guidelines are available at **altro.com**

Samples

Altro recommends that color selection is never made through printed or digital materials. Please order a physical sample for color and pattern approval before placing your order with us.

Order samples 24 hours a day at **altro.com** or find us on Material Bank.
